Abandons Its Fight to Free Railroads from Control of the Sherman Act

Merger Clause and Rate Agreement Specification Are Cut Out Today without Debate

IT IS ON HOUSE BILL

Standpatters Now Mass Forces in Effort to Cut Out the Physical Valuation Clause

WASHINGTON, May 3.—Elkins (R. W. Va.) this afternoon formally notified the senate that the majority of the interstate commerce commission had agreed to support amendments striking out the rate agreement and other sections of the administration railroad bill.

Senator Cummins refused to recognize the action of the "regulars" in declining to drop these two sections of the bill as reason for discontinuing his activities against the measure.

Elkins said he would subject all rate agreements to the approval of the interstate commerce committee before becoming effective.

The "irregulars" immediately began to muster their forces in an effort to carry out their program.

The rate agreement section of the railroad bill was eliminated by the senate on the viva voce vote.

The merger section then was taken out on motion of Nelson (R., Minn.) without debate or roll call.

CINCINNATI, O., May 3.— Telegrams saying that congress was chopping huge chunks out of his railroad bill awaited President Taft on his arrival here today, and he wired his supporters in congress to make a strong fight for such remnants of the bill as they can save. He seemed hopeful, and it was told that the dispatches from Washington "contain the bill's obituary," he remarked that, "Many obituaries are premature." Over the telephone the president urged Aldrich to try and save as much of the bill as possible, but the Rhode Island senator was not overly hopeful for the measure

It was also determined in the Aldrich council to abandon the section which provides terms for the merger of railroads. The three sections of the bill providing for supervision of the issue of the railroad stocks and bonds by the interstate commerce commission may have to be dropped by the regulars in order to save anything at all. Then all that will be left of the Aldrich bill will be the sections creating a commerce court; giving po

Great Laymen's Missionary Movement Climaxes Today in Big International Congress in Chicago

CHICAGO, May 3.—A definite missionary policy which is expected to affect the activities of practically every denomination in the country, will be outlined as the result of the first men's national missionary congress, which began here this afternoon.

The congress is the first of its kind ever held in the United States and is the outgrowth of the laymen's missionary movement. Four thousand delegates, representing 100,000 churchmen who have been identified with 75 conventions of the laymen's missionary movement recently held, are in attendance.

Bishop Charles P. Anderson, of the Chicago diocese of the Episcopal church, opened the congress with a plea for church unity in which he declared that "enough energy and money are wasted by rivalry and overlapping of the different denominations in America to preach the gospel to the whole world." Bishop W. L. McDowell, Methodist, also spoke.

COPENHAGEN, May 3.—This was one of the quiet days that Col. Roosevelt is going to insist on during the mainder of his European trip. There were only six events on the program and the colonel observed rigidly the eight hour law, beginning at eight o'clock and "knocking off" at four. The Roosevelts will leave tonight for Christiania, arriving there in the morning.

The program was changed at the last moment and made to include luncheon aboard a steamer after the visit to Elsinore. There were 100 prominent guests at the luncheon and Rosevelt made an informal address.

WAYMAN IS GONE MYSTERY RULES

State's Attorney Disappears and Lorimer Case Takes on New Puzzle in Chicago Today

CHICAGO, May 3.—Mystery was added today to the investigation by a special grand jury of the charges of bribery in connection with the election of U. S. Senator Wm. Lorimer, when State's Attorney Wayman, in charge of the inquiry here, suddenly disapeared. The grand jury adjourned until tomorrow morning.

Following Wayman's disappearance many rumors were afloat, the bulk of them being that he had heard from a state representative who wished to make an additional statement regarding the charges. It was also rumored that the prosecutor had gone to Springfield to confer with State's Attorney Burke of Sangamon county. Burke has been accused by enemies of Senator Lorimer of trying to hamper the investigation and the report is that Wayman is endeavoring to settle his differences with the Springfield prosecutor before proceeding further.

None of the persons involved in the charges made by Representative C. A. White would discuss the matter today.

Lorimer to Testify

Senator Wm. Lorimer is to be a witness before the special grand jury.

An assistant in the states attorney's office is quoted by an afternoon newspaper.

"I figure that the big fuss stirred up by the publication of the White charges has excited the members of the grand jury and that they are ready to vote a true bill," this man is quoted as saying.

LOOKS GOOD FOR HEINZE

NEW YORK, May 3.—"I have for two days listened to testimony I thought would be connected with this defendant," declared Judge Hough just before adjourning for luncheon in the Heinze trial today, "and there has been no connection established. The prosecution has not shown any participation by this defendant in the copper pool."

The rebuke of the court seemingly nonplussed District Attorney Wise who made no reply.

INSURGENTS GET AFTER "JOE" AGAIN

Demand Made that Railroad Conferees Be Elected by House Instead of Appointed

WASHINGTON, May 3.—An amendment to the house railroad bill offered by Representative Martin (S. D.,) providing all rate agreements between railroads must be approved by the interstate commerce commission before becoming operative, was adopted late this afternoon by vote of 83 to 59.

WASHINGTON, D. C., May 3.—Emboldened by the insurgent victories in the senate the progressives today demanded that the house conferees on the railroad bill be elected instead of appointed by the speaker.

"Everyone knows that the final work on the railroad bill will be done in the conference committee," said Representative Lindberg (insurgent, Minn.,) today. "The days when the organization could force a conference report through the house are past. I wouldn't be surprised to see the house rise up and take away the power of the speaker to name the conferees, if there is danger of the speaker packing the committee."

The house this afternoon by a vote of 172 to 48 sustained the "long and short" haul provision of the bill which is designed to bring relief to inland towns not getting the benefit of through rates.

One amendment by Hardy (D., Texas) to make the provisions of the long and short haul clause obligatory on the railroads in all cases, was defeated 55 to 132.

The house adopted an amendment by Representative Stevens (R., Minn.) for an investigation by the interstate commerce commission of discriminations by common carriers. The commission is to report to the house next session.

NEW YORK, May 3.—Many of the leaders of the financial world honored a little yellow prince, Tsai Tao, uncle of the emperor of China, today by lunching with him as guests of Charles M. Schwab.

HOUSE TO GET FACTS FOR ATTY. BRANDEIS

WASHINGTON, D. C., May 3.—Just how best to avoid the embarrassing question, presented in Representative Harrison's resolution calling for information from the attorney general which the Ballinger-Pinchot investigation committee denied Attorney L. D. Brandeis last week, is worrying the republican machine leaders in the house today. The resolution is "privileged," and Harrison can force a vote on the floor.

It was stated today the entire insurgent vote would be cast with the minority for the resolution, which would carry it. A republican leader in the house was vigorous in his denunciation of the action of the Ballinger committee in refusing the information.

"They are placing the republican party in a defensive attitude," he said.

The resolution calls for all data on which Attorney General Wickersham bases his "summary" of the Glavis charges, Brandeis alleging that the report was ante-dated so as to have been written before the president exonerated Ballinger.

DR. HYDE FAILS TO STOP TESTIMONY

Court Declines to Exclude Evidence of Experts as to Presence of Fatal Poisons

KANSAS CITY, Mo., May 3.—The defense in the trial of Dr. B. C. Hyde for the alleged poisoning of Col. Thomas H. Swope and members of his family, suffered a hard blow today when Judge Latshaw overruled the objection of Attorney Walsh and admitted the testimony of Prof. Walter S. Haines, given late yesterday. The ruling admits in the record of the case the stating of the state's theory that secondary tests for cyanide established proof of the presence of that poison in the bodies of Colonel Swope and Chrisman Swope.

Judge Latshaw found previous decisions to uphold his ruling and admitted the evidence for "whatever value it might have."

Prof. Haines identified envelopes and a card given him together with capsules Tom Swope said he saw Dr. Hyde throw away and trample in the snow. They were also admitted in evidence over the objection of the defense.

The motion to exclude Haines' testimony was made on the ground that it was too speculative to give substance to the charge in the indictment, its most definite statement as to cyanide being found in the stomach contents of Col. Swope and his nephew, Chrisman Swope, being that the "chemicals deported themselves as of cyanide was present."

Where Poison Went

Dr. Haines on the stand today said he believed that the use of hot water on the frozen body of Col. Swope might have dissipated any cyanide of potassium and said he found but slight traces of poison.

During an argument between the attorneys, Prosecutor Conkling said the viscera of Colonel Swope was in a safety deposit vault here and offered to allow an impartial commission to examine it for the defense.

Attorneys Fight

Issues in the trial were lost at noon in the personalities of the opposing counsel. Prosecutor Conkling opened an angry debate by asserting that the grand jury notes were stolen from his office and he "knew who kept them."

Attorney Walsh made the counter charge that copies of the notes were made by the states attorney and furnished to private parties who wished to aid the prosecution.

GOMPERS WANTS FARMER CONGRESS

Labor Leader Says They Are Needed There; Farmers Robbed of President Taft

ST. LOUIS, Mo., May 3.—"All who enter here leave politics behind." A sign of this kind is not swung over the main entrance of the Coliseum here, where the Farmers' convention is in session, but the word has been noised around enough so that all speakers stick to farming topics when addessing the convention. Samuel Gompers, president of the Amercan Federation of Labor, in his address last night kept far away from politics, saying he had no intention of forming a political party, with or without alliance, with the Farmers' union.

"I never belonged to a party," said Gompers, "but I hope the day will come when farmers and laborers will be partisans to a principle rather than to a party.

Gompers said he looked forward to the time when the farmers and laborers would be united in one federation and when the senate and house of congress would be filled with their representatives.

Some feeling has been aroused among the farmers as a result of the manner in whch the Businessmen's association has taken charge of the entertainment of President Taft here tomorrow. The farmers say they were responsible for his coming here, but the business men took everything in hand and the farmers have to be satisfied with an hour of the president's time.

OCCULT SCHOOL A WHITE SLAVE DEN

NEW YORK, May 3.—Asst. Dist. Atty. Reynolds, in charge of the white slave investigation, is today trying to establish a connection between the school of the occult, run by Pierre Bernard, claiming to be a Hindu and the traffic in women.

Bernard, known also as "Om" was held in $15,000 bail today by Justice Breen on a charge of abduction, the charge being made by

Om's school was at 258 West 74th streeth in a place known as the House of Mystery. When the police broke in last night, they found a dozen men, women and girls, the women all in diaphanous tight fitting gowns, twisting and wriggling about on a huge rug, marked into squares. The thing was explained as being of occult, oriental significance, but the two officers who are somewhat "shy" on oriental ore, arrested "Om."

DID VON BUELOW PLOT REPUBLIC?

German Writer Charges the Chancellor Attempted Overthrow of Wilhelm for Democratic Move

ALL GERMANY IS EXCITED

Accusation that Von Buelow Inspired Famous Interview to Get Kaiser Into Disrepute

BERLIN, May 3.—A political and court sensation has developed through the publication of a book, "German Rulers," by former Imperial Counsellor Rudolph Martin, in which the author indicates that a court plot existed in 1908 to dethrone the kaiser or, at least, to deprive him of all power and to make the crown prince regent.

Martin accuses Prince Van Buelow, then German chancellor of engineering the plot under the advice of the late Privy Counsellor Von Holstein, the most powerful foreign officer Germany has had in many years.

Von Buelow was responsible for the famous London Telegraph and Dr. Wm. Bayard Hale interviews, given out by the kaiser, the latter for publication in the Century Magazine, and which was suppressed by the German government. The publication of the London Telegraph interview, in which the kaiser took the English to task for doubting the integrity of Germany's intentions, caused a political explosion.

The chancellor, according to Martin, induced the kaiser to give out these interviews by telling him that they would win English and American support for Germany, whereas he knew they would stir up a storm of wrath against the kaiser, which he hoped would result in Wilhelm's overthrow. The chancellor's retirement from office, Martin intimates, was an unexpected development in the plot, the chancellor essaying a martyr's role and asuming the responsibility for the interview in the hope that the public would see in the supposed sacrifice added cause to arraign the emperor.

To this end the chancellor made it plain that the kaiser was responsible for the interviews, but that he accepted responsibility through patriotism.

Martin charges that Von Buelow even arranged the hunting trip that the kaiser engaged in at that time, knowing that his absence from the capital at such a momentous time would increase the feeling against him. The chancellor even went so far as to sound the crown prince regarding the regency but only angered the latter.

Martin says Von Buelow's ambition was to be known as one of the great pioneer figures in the move for German democracy. All the German officials who are by implication involved in the alleged plot have already entered denials.

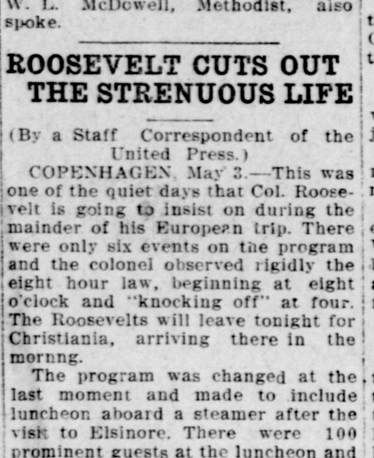
RUTH BRYAN WEDS DODGES LEAVITT



RUTH BRYAN OWEN

LINCOLN, Neb., May 3.—The wedding of Lieutenant Reginald Altham Owen of the British Royal Engineers, and Ruth Bryan Leavitt was celebrated at Fairview, the Bryan country home, at 10 a. m. today. The strict censorship ordered by Mr. Bryan prevented any knowledge as to the details and not until after the lieutenant and his bride boarded a train on their honeymoon trip to Kingston, Jamaica, did any definite information come from Fairview.

To Dodge Leavitt

Their route is to be kept a profound secret, a decision said to have been prompted by the utterances of Artist Leavitt, the divorced husband of the bride, who has displayed such bitterness in his criticisms of the Bryans that the lieutenant and his bride will risk no embarrassment at Leavitt's hands.

The ceremony took place in the presence of the immediate relatives and a few personal friends. The ceremony was performed by Rev. Henry F. Huntington of Crete, Neb., an old friend of the Bryan family, who officiated at the marriage of Wm. Bryan, Jr., last June in Colorado.

Relative Scores Leavitt

Mr. Bryan has been sternly silent under the fire of Artist Leavitt's utterances, but T. S. Allin, the Commoner's brother-in-law, said today:

"Leavitt's insinuation that he was asked by Mr. Bryan to marry his daughter is so unfounded as to be unworthy of the dignity involving a denial.

"Leavitt, in fact, invaded the Bryan home and courted an impetuous girl of 17 years over the repeated protests of her parents. Mr. Bryan offered Leavitt money if he would go away. Leavitt's wife and children would have lacked for the necessities of life but for gifts from Mr. Bryan which totalled into the thousands of dollars."

BOY CONFESSES TO MANY THEFTS

Lad of Fourteen Believed to Have Stolen Thousands of Dol-Dollars

BEMIDJI, Minn., May 3.—George Winterstein, aged 14 years, has been arrested, charged with having robbed mail boxes. Through the arrest and subsequent confession of the youth, the perpetrator of several burglaries and petty thieveries and other criminal acts has been discovered. Information obtained by the authorities shows that Winterstein has stolen checks and money amounting to thousands of dollars.

Winterstein was caught through his attempt to secure money from the office of the Crookston Lumber company by returning the company's checks, which he said he had found. One check for a comparatively small sum was returned to the company, Winterstein saying he had found it. The boy returned with two more checks and the police were summoned. He was given the "third degree" by Chief Benner and Inspector Egge and then confessed that he had robbed the mail boxes.

OMAHA, May 3.—The government has determined upon making the selling of liquor to Indians a most unpopular occupation, and to do this an Indian has been called in to play the part of a decoy, or detective.

The penalty for selling liquor to an Indian is not less than $100 fine and sixty days in jail. In the discretion of the court, it may be the fine and two to five years in prison. Added to this, different states have enacted laws fixing different penalties. In Nebraska the state law provides for a fine of $200 to $1,000 and a term of imprisonment of two to five years.

PRICES DOUBLED IN PAST 21 YEARS

Postal Card Quoting the Wholesale Prices Shows Big Increase in Cost of Living

A postal card bearing the date of December 31, 1889, and quoting a schedule of prices on dressed meats and fowls at wholesale on that date, show that prices since that time have advanced 100 per cent.

Dressed pork, light, sold at that date, for 4 cents a pound, and light pork, for 4⅛ cents a pound. Today the same meat brings from 8 to 8½ cents a pound on the wholesale market for both grades; in this case an increase of more than 150 per cent. Veal, in that year, was quoted at 4 and 6 cents; today the same cuts cost 8 and 8½ cents, an increase of nearly 100 per cent. Beef, which the retailer today pays from 3 to 5 cents a pound for, sold at wholesale then for 2½ and 4 cents.

In the case of fowls the difference is even greater than is shown by the figures, because then the prices quoted were for dressed fowl and today the prices are quoted only on live fowls. Then, too, the season in which the postcard bill was mailed was midter. At any rate dressed turkeys sold then for 10 and 11 cents. Today a live turkey on the wholesale market costs from 16⅛ to 17 cents a pound. Dressed chickens sold then for 7 and 8 cents a pound; today those fowls bring 15 and 16 cents alive. Ducks and geese were both quoted in 1889 at 7 and 8 cents a pound dressed. Today ducks cost 12 cents alive, wholesale, and geese 10 cents alive.

Squire Toney, a prominent civil war veteran, justice of the peace here for some time and inventor of a washing machine attachment, is dead aged 72.

While visiting her mother, Mrs. J. W. Bennett, at Bud, Wis., Mrs. Henry Hendrickson of Readstown accidentally ran a sewing machine needle through her forefinger. The needle entered through the nail and came out on the opposite side. She came at once to this city to have the wound dressed.

Asa Graves, a former Viroqua resident, recently sailed from New York for British Guinea, South America, to look over a 27,000 acre rice plantation with a view of taking the management of the same. Mr. Graves has been located at Houston, Texas, and has become famous as a rice grower.

WIRED FROM MONTE CARLO FOR FUNDS

NEW YORK, May 3.—Supposing a prominent American went abroad and cabled home from Monte Carlo for money.

And, supposing that, when he got home, he said he had not lost his money gambling, but had inadvertently put his letter of credit in with his soiled linen and sent it to the laundry.

Would the fact that said prominent American was a judge of the United States circuit court of appeals save him?

Anyway, Judge Peter S. Grosscup is being "kidded" yesterday over just such a story. The judge got in yesterday on the Cunard liner Carmania. He admits that the yarn sounds rather "Dr. Cookish," and is steeling himself for the jibes of his friends when he reaches his home in Chicago.

KING AND BALFOUR ON STRAINED TERMS

LONDON, May 3.—The English political situation has been still further complicated, according to Reynold's Newspaper, Liberal, by a newly developed coldness between the king and Arthur J. Balfour, the conservative leader. Balfour's anglo-German war talk and his prominent part in stirring up the lords against the liberals, are given as the reasons for the strained relations between him and the king.

As Balfour has been counted on to form a cabinet in the event of Asquith's resignation, the breach between the king and Balfour may force the king to accede to Asquith's demands regarding the swamping of the house of lords with liberal peers in a larger measure than he had intended.

FARMERS APPEAL IN TRESPASS CASE

SPARTA, May 3.—Monroe Reed, et al., has appealed from the decision of Judge Higbee in the famous fish trespass case, in the expectation that the decision of the higher court will in effect give them the title to the lands under the La Crosse river so that they may be able to make the present injunction include this land, thus preventing fishermen from wadinf the streams at least. They also contend that the water running through their land belongs to them and that the La Crosse river is not a navigable stream and would keep the fishermen from fishing in the stream altogether.

As the decision of Judge Higbee stands at present, it restrains the fishermen from going on the plaintiffs' land outside the high water mark of the La Crosse river, but does not restrain them from either wading or rowing the river to fish. The owners of the land who organized last fall to prevent fishing without the payment of a trespass fee of $1 per day declare that they will not allow anyone to fish in the stream either wading or rowing until the decision of the higher court is given, but they may have a great deal of trouble in keeping off the fishermen for the Sparta Rod and Gun clubs have purchased a tract of 100 acres of land, which is to be used as a public entering ground to the stream for the purpose of fishing or wading the stream.

The farmers' combine has issued notices that they will not sell fishing permits hereafter and already have refused the fishermen wishing to purchase permits this year. They will not allow them to enter the disputed grounds at any price.

Sparta Loses First Game

In the first game of High School baseball of the season played at the Sparta Fair grounds this year, the Viroqua High School baseball team was victorious over the Sparta High School team by the score of 10 to 5.

Errors and inability to hit safely at the right time were responsible for Sparta's defeat. The Viroqua bunch played good ball and the one-handed stop of a hot liner by their second baseman was the feature of the game. Four double plays were made and numerous extra base hits.

Mayfield and McDonald were the battery for Sparta and Crieger and Carruthers for Viroqua. The next game will be played at La Crosse Saturday between the Sparta High School and the La Crosse Normal teams.

Father and Son Fined

The elder Eddy was given a fine of $8 by Justice Sholts for drunkenness and the son was assessed $4 for disorderly conduct.

The Athena society of the Sparta High School gave a very successful entertainment Friday evening in the form of a county fair, together with a program of musical numbers and recitations. The fortune teller, house of seven gables, fishing ponds, and other forms of amusements and numerous booths were well patronized.

FRISCO SPORTS SCARED BY JEFF

SAN FRANCISCO, Cal., May 3.—There is something rotten—not in Denmark, but in Jeffries' training camp. Despite all the reports that have been sent out as to the splendid condition of the champion and the strenuous training methods, it has become an open secret that sincere admirers of Jeffries and men anxious to back the champion in his Fourth of July fight are holding their money.

Men who know the fighting game and are unprejudiced in the viewpoint state that some radical changes are going to be necessary in Jeffries' camp and training methods if the big fellow is to have any chance with Johnson.

The Jeffries camp at Rowardennan has been dubbed "the old man's home" by reason of the number of "has been" fighters who are engaged in the task of rounding Jeffries into form.

Wires Chicago Colored Friends to Await Further Advice; McCarthy Death the Cause

CHICAGO, May 3.—Consternation in colored sporting circles was aroused today when a south side friend of Jack Johnson, the colored champion, received a telegram from Jack, advising him and other sporting men not to place any money on the coming Johnson-Jeffries fight until further advised.

The reason for the wire as stated was that the death of Tommy McCarthy, the coast fighter, who died from a blow from Owen Moran, the Englishman, may affect the big fight. It was stated that the death of McCarthy has given fuel to the fight now being made by the church people of California against the July 4 battle. Thousands of dollars have been bet by Johnson's colored friends here, the blacks getting as good as 10 to 6 for their money. Further advices will now be awaited here.

In an exciting and hard fought battle, Greenes' team defeated the La Crescent nine at the latter's grounds Sunday.

NEW YORK, May 3.—Jimmy McAleer's American Senators got a warm reception on their first appearance here this season. It took the Yankees ten innings to win by a score of 3 to 2. It was nip and tuck up to the sixth, when Milan and Schaefer broke the ice by scoring two runs for the Senators, the Yankees managed to squeeze out of the hole by scoring one run in each of the last three innings. Cleveland 2, St. Louis 1

ST. LOUIS, Mo., May 3.—St. Louis lost another eleven inning game, 2 to 1, because Link, the visiting pitcher, twirled in much better form than Stremmel did for St. Louis. The latter was frequently in tight positions, but managed to pull through with the exception of the two innings in which Cleveland scored. Link pitched in fine form and in no one inning during the game did St. Louis get more than a single hit, the one run scored being on a base on balls and a triple. Score:

PHILADELPHIA, Pa., May 3.—By batting Cicotte from the box in the ninth the Athletics defeated the Boston Red Sox by the score of 7 to 6. Up to the ninth Cicotte held the locals at his mercy. CINCINNATI, Ohio, May 3.—Manager Bresnahan did not like the way Umpire McGinnis handled the contest here with the Reds. After the local team had made six hits in the first inning, Bresnahan put First Baseman Konetchy in to pitch, sent O'Hara to first, then to the box and later to left field, had Kelly catch a portion of the game and used Barbeau at left field and second. In fact he made as much of a farce of the game as he could. He had a chance to win in the seventh when his men got three runs. Then he went in to catch himself, but it was no use. It is understood here that Herrmann has wired to Lynch about the matter. McGinnis umpires in the Saturday Afternoon league of Cincinnati. Lynch had overlooked Cincinnati because it was a postponed game. However, he authorized McGinnis to act as umpire. The score:

LIGHT WORK-OUT FOR THE OUTCASTS

With the team weeded down to fourteen men yesterday afternoon the men indulging in a light workout in batting and fielding. The pitchers now have been cut down to Cy. Young, Wolford, Watson and Henry. They will get in shape for the opening of the season.

The fight in the outfield is now between Kuehn and Behrens with the chances favoring the West Salem boy. In the sun garden yesterday he displayed his form making a brilliant one hand shoe string stab that brought forth the applause of the small number of fans. Doll is still out of the city, but is expected any day. The team will work out again today and will be ready for the Colored Gophers Saturday and Sunday.

NOTES OF THE DIAMOND

Dick Thorsen does not want to pitch for independent ball teams this summer. The glad, free life does not appeal to him and he has applied to the Duluth club for another chance to win himself a berth on the pitching staff. President Kuehnow has granted his request.

Manager Bond was kept busy shaking hands with old friends all the while down at Fond du Lac. Everybody was wishing him well in his new role as manager and complimenting him on the fast club he has.

Winslow, Shears, Dominick and Aberly are four twirlers of the Rochester team that are expected to make good records in the Minny company.

All of the Wausau recruits have reported.

"Russ" Bailey, the former Eau Claire center fielder, is on the Milwaukee hospital list. The big fellow is suffering from a bad ankle.

In Sweeney, Darby O'Brien believes he has another Sylvester Breen. The youngster handled eleven chances yesterday without a skip.

Stremmel pitched his first game for St. Louis yesterday and allowed eight hits. Ling, the opposing Cleveland man, was in championship form.

Mathewson pitched a no-hit game in the National league yesterday.

Thorsen and Marion were looked upon as the strongest hurlers on the Duluth team at the beginning of the season last year, but both of them were overtaken by Dauss before the schedule was completed.

Al Cummings has written that he would report at Madison where the Duluth team plays today and tomorrow. This will give Darby a big bunch of hurlers to pick from. He will have with him Dauss, Marion, Cummings, Davis, Redlersdorff, McGinnity, Howard and Kennedy.

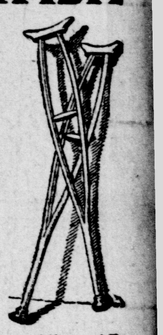
S.S.S. CURES RHEUMATISM



Rheumatism is a specific blood fermentation, a souring of the circulation from an excess of uric acid accumulating in the blood stream. This uratic impurity comes usually as a result of constipation, weak kidneys, indigestion and stomach disturbances. These systemic irregularities may not be of marked severity or of long duration, but each has a direct effect on the eliminative members of the body, which prevents the proper removal of the waste products. This refuse remains in the stomach and bowels, and souring forms uric acid, which the blood quickly absorbs.

Rheumatism is usually manifested in the joints and muscles. It is here its sharpest twinges of pain are felt, and stiffening of ligaments and tendons first commence. The pain of Rheumatism is caused by the contact of the sensory nerves with the gritty, acrid formation which uric acid causes to accumulate in the corpuscles of the blood about the joints. The stiffening of muscles and joints is usually gradual. Constantly the blood deposits the uric acid into the joints, and slowly the natural fluids are dried up and destroyed. Then Rheumatism becomes chronic and serious. Rheumatism is sometimes inherited, for like all blood diseases it can be transmitted to offspring. This explains why some persons are afflicted with the disease, and suffer its pains, who have otherwise been perfectly healthy.

RHEUMATISM FORTY YEARS.

I suffered with lumbago for a long time, and speaking of it to a friend one day he told me to try S. S. S. I did so, and soon found it was helping me. I had rheumatism for more than forty years, having contracted it in the army, but S. S. S cured me sound and well, and have had no return of the trouble. I think S. S. S. has no equal for curing rheumatism.

THOS. POTTS.
111 Main St., Johnstown City, Pa.

S.S.S. cures Rheumatism and cures it permanently. It goes into the circulation, and removes the uric acid, purifies the blood, and in this way destroys the cause. S. S. S. changes the blood from a sour, acid-steeped stream to a rich, healthy fluid, which quiets the excited nerves, eases the throbbing muscles and painful joints, and filters out of the circulation the irritating matter which causes every painful symptom of the disease. When the blood has been purified and enriched by S.S.S., it nourishes the different members that have been weakened and starved because of imperfect blood. Grain Letter

CHICAGO, May 3.—After an uncertain, draggy start, wheat advanced 3-8 to 1-2 over yesterday's close on moderate buying by northwestern houses. Then the market was checked by liberal commission house offerings and wth pressure from the bear contingent lost the early advance and a shade more. September dipped to $1.01 1-8 while July and May did not go under early low. Trade was decidedly light for some time after the first half hour ended.

Continued buying of May by elevators sent May corn up 1-2 to 5-8 to 60 cents but offerings became ample and reaction of 1-2 followed. The firmness in May encouraged some local bulling and sent July up 1-8 to 62 7-8 but demand petered out and that month soon dragged back 3-8 under last close.

Oats turned easly and sold 1-4 cent under last close after mild firmness early with other markets. Trade was moderate and sentiment generally bearish although frost predictions caused some uneasiness.

Shorts in May lard were forced to cover on a scantily supplied market and that delivery easily ran up 42 1-2 cents above yesterday's close. Other products advanced more sedately.

Wheat closed very strong, 2½c higher for May and 1⅝c up for July and September. Other grains closed fractionally higher also. Provisions from 7½ to 20 cents higher all around.

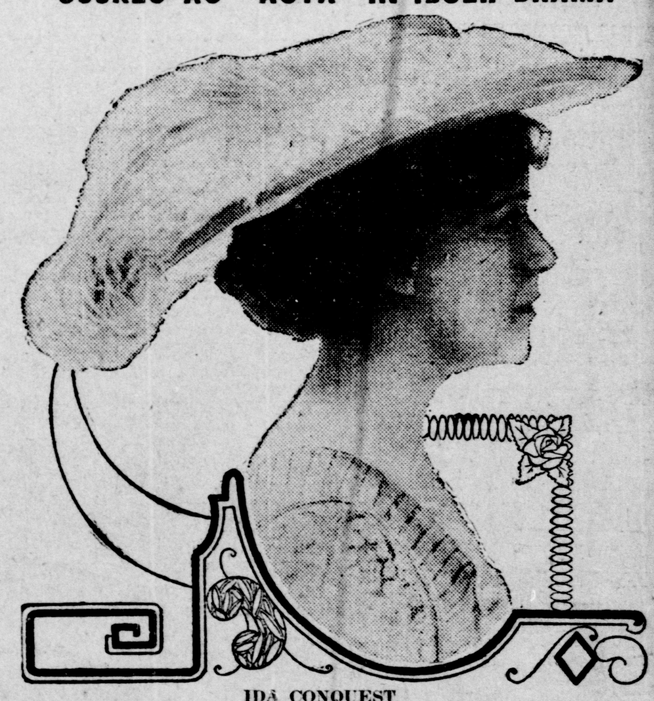
SCORES AS "ASTA" IN IBSEH DRAMA



IDA CONQUEST.

NEW YORK.—Ida Conquest, who plays "Asta" in Henrik Ibsen's drama, "Little Eyolaf," in which Mme. Nazimova is starring at her theater in New York, scored over the star in this production. During the rehearsals of the play the star insisted that the big scene that "Asta" has in the third act should be played in a certain peculiar manner. Miss Conquest rehearsed her part as directed by Mme. Nazimova, but on the opening night gave her own idea of the role, and as a result, scored the biggest hit in the play, much to the chagrin of Nazimova, who immediately on the day following ordered the company to appear at rehearsals and change the business so that "Asta" would not be the most prominent part in the play henceforth.

MARBLEHEAD, Mass.—"I hope to fly through the air faster than any American has yet flown, including the Wright brothers," is the statement made by W. Sterling Burgess, the millionaire yacht designer of this town, who has been making flights with his partner, A. M. Herring, the former partner of Glenn Curtiss, in their new bi-plane of their own design at Plum Island the past few days. "I hope to travel at the rate of 46 to 48 miles an hour in this machine," says Mr. Burgess. "Within a week I expect to travel a half mile in the air and by the end of the month I expect to travel miles distance in the air at a stretch."

GRAY HAIRS BANISHED.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of it souring quickly. This objection has been overcome and by asking almost any first-class druggist for Wyeth's Sage and Sulphur the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c. and $1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by G. T. Erhart.

Cure and Cause of Deafness

Concerning some of the new cacophonous composers, Victor Herbert tells this story:

"A doctor had a deaf patient, and advised him to go hear one of those new compositions and sit near the trombones.

"'The noise,' said the doctor, 'has cured several incurable cases of deafness, and there is no reason why it shouldn't cure you, too.'

"The patient accepted this advice. He even bought two front row tickeas and took the doctor with him.

"As the two men sat side by side the patient, when the din was its very loudest, shrieked in the doctor's ear:

"'Doctor, oh, doctor, I can hear!'

"But the doctor took no notice of the glad cry.

"'Doctor, you have saved me!' the patient repeated. 'I can hear again.'

"But the doctor sat cold and impassive. He had become deaf himself."—New York Telegram.
